

# Trap Door

## Rebelution

God damn it's a long, long road  
That never occurred to me You're looking for that shortcut  
I don't wanna cause a scene You wanna keep from closing  
That would be okay with me You should be more outspoken  
Nah, I see an out for me You're looking for a trap door  
So you can make a run for it  
Sneak through the ground floor  
Be careful what you wish for You need to find some answers  
Nah, I'm headed out to sea It's time you solve your problems  
But they only make me scream Hey man, I'm far from perfect  
What do you expect of me? Hey man, I'm only human  
Why can't you just let me be?  
You're looking for a trap door  
So you can make a run for it Sneak through the ground floor  
Be careful what you wish for
