

# Magic

## Tweet

Oh ooh  
La la la la la la  
Ooh ooh yeah  
La la la la la There goes  
My heart again  
Joyful at how we've made a great connection  
That's for sure  
I know that since (I got you boy)  
All I see is sunshine  
Ooh you make this girl  
Blush, all the time  
It must be magic (It must be)  
'Cause what you do to me I can't understand it (Oh ooh)  
It must be magic (It must be)  
'Cause what you do to me I can't understand it (Oh ooh) There goes  
There goes my heart again  
Wonderful, I say  
You are the best thing since ice-cream  
I made my wish (I got you boy)  
And all I see is starlight (Ooh)  
You make this girl  
Rush, home at night It must be magic (It must be)  
'Cause what you do to me I can't understand it (Oh ooh)  
It must be magic (It must be)  
'Cause what you do to me I can't understand it (Oh ooh)  
The love you give me (goes)  
Said it's so outstanding (goes)  
My heart started beating for ya (goes)  
And I'm enchanted and it (goes)  
I'm smitten with (goes)  
How all this is happening (goes)  
My heart is telling me this love is so right ooh It must be magic (It must be)  
'Cause what you do to me I can't understand it (Oh ooh)  
It must be magic (It must be)  
'Cause what you do to me I can't understand it (Oh ooh)  
(Yeah)
