

# Oh How I Love You (feat. Chris Quilala)

## Jesus Culture

Father in heaven  
You know my longing  
You hear my every  
Thought and prayer I bring you  
My heart  
And all my affection  
I long to love You Pre  
To love You with all that I have  
To give to You all that I am  
Oh how I love You  
Bow down before You now  
God I adore You  
Worship before You, lay my life down You are my Refuge  
The one that I run to  
I find my strength in You alone I know you are with me  
Here in this moment  
Teach me to love You Pre-  
To love You with all that I have  
To give to You all that I am Oh how I love You  
Bow down before You now  
God I adore You  
Worship before You, lay my life down  
I live my life for one thing  
Poured out as an offering  
An offering a worship  
To lay my life down  
I live my life for one thing  
Poured out as an offering  
An offering a worship  
I give to you now. Oh how I love You  
Bow down before You now  
God I adore You  
Worship before You, lay my life down  
Oh How I love You  
God I adore You, God I adore, God I adore\* again\*  
\* again\*
