## Gudda Gudda

You are now in tune with your wifey's favorite DJ, DJ Ill WillI might fly and lose it all  
I'll be a cannonball  
and maybe you'll walk away, maybe you'll walk away  
set me up and light me off, I'll be a cannonball  
but maybe you'll walk away, but maybe you'll walk away  
cannonball, i'll be a cannonball, cannonball  
cannonball, i'll be a cannonball, cannonballevery since i was a child, i just wanted to be a star  
before i die  
and to make it to the top of this mountain, you gets one try  
i heard the sky is the limit so im gon fly  
steps on the divingboard and life in hallabonzai?  
look boy, im a man and im grown  
tryna make my money stretch like Santanio Holmes  
the game is 90% bigs and 10% rhyme
