

Dessert

Mileo

(we can licky licky sticky let it go, if we don't do it now then we'll never know)
I can see you looking from the side of your eye
you've been doing it a while now mmm
you know i get you better than everyone does
you've known it for a while now mmmcause its true, only you, gonna do, what i never do
cause its me, only me, that'll get, you to come through
so if we down then we down and we know its what we want
we can licky licky sticky let it go, if we don't do it now then we'll never knowoh baby come on
give me that dessert
the one i deserve
you know it's been served yeah
baby come on give me that dessert
the one i deserve
you know it's been served yeah
we can licky licky sticky let it go, if we don't do it now then we'll never know
if we don't do it now then we'll never know
if we don't (desert yeah)
do it now then we'll never know
we can licky licky sticky let it go, if we don't do it now then we'll never know
the one i deserve
you know it's been served yeahyou know that we hang outside of class all the time
all those nights we stayed at yours and mine mmm
