

Bad Boy

CHUNG HA

?? (Chung Ha) & Christopher - Bad Boy Lyrics I'm not trying to be dramatic

But I need someone
who can take a little heat
You wanted thunder
now you have it
I want a boyfriend
who can handle all of me It feels like
Yesterday
Yesterday
Yesterday
We were making out
and reaching for the stars
But Not today
Not today
Not today
'Cause you
Now you say you wanna
Bad boy
All the good girls think
they need a
Bad boy
And all this time
I've tried not to be a
Bad boy
What they really do shit
I'm not good at being cool
When it comes to you
When it comes to you
When it comes to you
When it comes to you
First you're running me over
Then you like
why you making a scene
Are you gonna blame this on me
Don't be acting all sweet to get
to my head and then just go mean
Look what you're doing to me It feels like yesterday
Yesterday Yesterday
We were making out
and reaching for the stars
But not today
Not today

Not today
'Cause you
Now I say I wannaBad boy
All the good girls think
they need a
Bad boy
And all this time
I've tried not to be a
Bad boy
What they really do shit
I'm not good at being cool
When it comes to you
When it comes to you
When it comes to you
When it comes to youI cried my eyes out
expecting reply
You send me snapchats
with some other guy
I'm done with heartaches
done wastin my time on youNow you say you wannaBad boy
All the good girls think
they need a
Bad boy
And All this time
I've tried not to be a
Bad boy
What they really do shit
I'm not good at being cool
When it comes to you
When it comes to you
When it comes to you
When it comes to you
