Lady, I'm digging your style and it's so out of this world
And no girl out there will ever compare to you, huh!
And I bet you didn't know you're such a beauty queen, huh!,
straight out of a magazine. Lady, just walking around and you're confusing me, huh!
With that look in your eye, it's abusing me, huh!
And I reckon you don't know what you're doing to me
Lady, I'm digging your style and it's so out of this world, ah!
And no girl out there will ever compare to you, huh!
And I bet you didn't know you're such a beauty queen, huh!,
straight out of a magazine...
Cause I can't help this feeling,
my desire is burning
You gotta set me free and unleash what's inside of you
My desire's burning
I can't help (I want you) this feeling,
my desire is burning
You gotta set me (pinup girl) free and
(a pinup girl) unleash what's
inside of you (girl ooh yeah)
My desire's burning, yeah!
I see you
I want you
Yeah!
You're just a pinup girl, a pinup girl
Girl ooh
Yeah!
