

# Feel The Love (Sam Feldt Extended Edit)

## Janieck

I'm rolling down the river  
My worries drown  
They say that I'm a sinner  
But I won't let you down  
Long nights chasing the stars  
'Til the sunrise, out of the blue  
Under blue skies  
I saw the shape of my heart Every time I hear the music play  
Every time I hear you say my name  
When the air is filled with summer rain  
I could feel the love, I could feel the love  
I could feel the love, oh
