

# This Trumpet In My Head

[Lykke Li](#)

I can't get that trumpet out of my head  
I can't get that trumpet out of my head  
I woke up and I  
can't get that trumpet out of my head  
And you say you can't stand me when I'm quiet  
And so I  
shot you in my silence  
I can't get that trumpet out of my head
