

# Long Way Down

## One Direction

We made a fire  
Went down in the flames  
We've sailed the ocean  
And drowned in the wave  
Built a cathedral  
But we never prayed  
We had it all, yeah  
And we walked away  
Point of no returning  
Now it's just too late to turn around  
I try to forgive you  
But I struggle 'cause I don't know how  
We built it up so high  
And now I'm falling  
It's a long way down  
It's a long way down  
From Here  
We had a mountain  
But we took it for granted  
We had a spaceship  
But we couldn't land it  
We've found an island  
But we got stranded  
We had it all, yeah  
Who could've planned it?  
Point of no returning  
Now it's just too late to turn around  
I try to forgive you  
But I'm struggling 'cause I don't know how  
We built it up so high  
And now I'm falling  
It's a long way down  
(From Here)  
Such a long way down  
(From here)  
It's a long way down  
It's a long way down  
Such a long way down  
It's a long way down  
It's a long way down
