

Get Real Low (Amended Version)

D4L

You know the niggas that fall
When he got hit with that thang
Bend yo' knees until your hips go
D4L, bend your knees until your hips go
Make ya get real low, bounce on your toes hit after hit
Make ya get real low, bounce on your toes
Bend your knees until yo' hips go oh
I make ya get real low, bounce on yo toes
Bend ya knees until yo' hips go oh
Make ya get real low, bounce on your toes
Ben your knees until yo' hips go oh
I'm still in the club, so fresh on the clip
On the flo', do my dance like this
Don't get dash and flick
Fuck with us, you really get your ass hit
State playa, betta watch your bitch
Everything we make is a hit
Much love to the DJ, represent
We don't worry 'bout suckas hating on it
We got on lock, you can ask yo' kids
State to state, they know 'bout it
Original with a simple twist
Project nigga with lyrics
Hood to hood thugs beating out shit
Strippers in the club make 'em pay for this
Dope boys Renasay and Chris
D4L, we just hit a lick
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
I make ya get real low, bounce on your toes
Bend ya knees until ya hips go oh
I make ya get real low, bounce on ya toes
Bend ya knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
I make ya get real low, bounce on your toes
Bend ya knees until ya hips go oh
I make ya get real low, bounce on ya toes
Bend ya knees until your hips go oh
Make ya get real low, bounce on your toes

Bend yo' knees until your hips go oh
We come in the door with our pill
Lord forgive, I know He will
Don't wanna kill but I will
Told that shit for that nigga ta chill
All in the club plan a stray
That ain't how we do da day
Turn the afro, stop braids
Drinking all the hate away
So dudes ya do what I do
Y'all don't want no guns play
45 AK
Make get low anyday
I ain't lie, I tell da truth, man
That's a damn fact how he work his hip
Like that A K sound and broke his back
The phat, make big cash flow
I'm past up, I'm CEO
Now a don't get it, twist it, bitch
Twist it and make ya hip go
Ammunition, rock along ya maybe see fo'
I might come at a ten
You never know, I'm Shortay Low
I used to have a big fucking bitch and I still got a blow
I make ya get real low bend on your toes and make it go
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
I make ya get real low, bounce on your toes
Bend ya knees until ya hips go oh
I make ya get real low, bounce on ya toes
Bend ya knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
I make ya get real low, bounce on your toes
Bend ya knees until ya hips go oh
I make ya get real low, bounce on ya toes
Bend ya knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
Incredible Hulk, they drank and patrol
They know they gone bumping and they take ya along
For girls with 9, 22 Darricks, 2, 3, '80s, a Nextel phone
Two on the wall, one by the door
And the other one doing a dance on the flo'
She came from my bottom roll
I watch the way she let that clit go
Security, they know where to go

Shots reign out, everybody low
Nobody moving, they waiting fo' more
Them D4L girls, they outta control
They get real low, stand on one toe
Bite their lip hard before they let go
Big back strong, got her hands up, ohh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
I make ya get real low, bounce on your toes
Bend ya knees until ya hips go oh
I make ya get real low, bounce on ya toes
Bend ya knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
I make ya get real low, bounce on your toes
Bend ya knees until ya hips go oh
I make ya get real low, bounce on ya toes
Bend ya knees until your hips go oh
Make ya get real low, bounce on your toes
Bend yo' knees until your hips go oh
