

# Stick Out

## Pouya & Ghostemane

[Chorus: Pouya]

I don't wanna pull the stick out  
And bug out  
Now she wanna pull my dick out  
And fuck now  
Flick my wrist like I'm a bitch now  
That buss down  
Pull up in that '96 crown  
With the windows down  
I don't wanna pull the stick out  
And bug out  
Now she wanna pull my dick out  
And fuck now  
Flick my wrist like I'm a bitch now  
That buss down  
Pull up in that '96 crown  
With the windows down

[Verse 1: Ghostemane]

I committed sodomy in Germany  
Fucked a bitch and made her cream  
All over me  
Took a little hit of speed  
That's all I need  
Go all night and then I leave  
And then repeat  
Living the way that I wanted when I was but a jit  
I tried to love a bitch and got a face full of spit  
And now I'm through with it  
I'm seeing the world and I'm getting lit  
Bustin' nuts and wreckin' shit  
I'm too reckless to give a shit  
I'm a menace I don't wanna live anymore

[Chorus: Pouya]

I don't wanna pull the stick out  
And bug out  
Now she wanna pull my dick out  
And fuck now  
Flick my wrist like I'm a bitch now  
That buss down  
Pull up in that '96 crown  
With the windows down  
I don't wanna pull the stick out

And bug out  
Now she wanna pull my dick out  
And fuck now  
Flick my wrist like I'm a bitch now  
That buss down  
Pull up in that '96 crown  
With the windows down[Verse 2: Pouya]  
Back to back I flood my wrist  
I'm looking like a walking ocean  
Pack the civic with bitches and money  
I'm sittin on twins like the Olsen's  
I just made 500 thousand  
Flipped it and flew to the islands  
Can't fuck with these rappers I'm wildin'  
Pumpin' the H in my veins and I'm dying  
Yeah, yeah  
Baby bone up to something  
Adrenaline pumping  
Through my stomach  
44 mac and I'm bussin  
I don't wanna have a discussion  
Steadily duckin  
Phone calls  
Why they be suckin  
My dick  
'Cause I been buzzin'  
And they fuckin' on my squad  
Tryna get to the duffle[Chorus: Pouya]  
I don't wanna pull the stick out  
And bug out  
Now she wanna pull my dick out  
And fuck now  
Flick my wrist like I'm a bitch now  
That buss down  
Pull up in that '96 crown  
With the windows down  
I don't wanna pull the stick out  
And bug out  
Now she wanna pull my dick out  
And fuck now  
Flick my wrist like I'm a bitch now  
That buss down  
Pull up in that '96 crown  
With the windows down
