

Let Me Be Real (feat. Mitch Crown)

Fedde le Grand

Let me be real, let me be real.
So I can feel, I can feel .What the World wont reveal to me.Just the thoughts in my head got me
thinkin,
.askin myself oh what am i living?
Thoughts can be such a heavy burden,
.its time to tear down these curtains.Let the truth be heard,
.give it to me word for word.
That's all i really ask for.I can handle it, for better or worse.
Now tell me what do you live for?oooohI want the truth, yeah.
.so I can feel, yeah!
Let me be real. Let me be real.
I want nothing but the truth, yeah!
So I can feel, I can feel,
.What the World wont reveal to me.Let me be real. Let me be real.
I want nothing but the truth, yeah!
So I can feel, I can feel,
.What the World wont reveal to me.I want nothing but the truth, yeah!Let me be real. Let me be
real.
I want nothing but the truth, yeah!
So I can feel, I can feel,
.What the World wont reveal to me.Let me be real. Let me be real.
I want nothing but the truth, yeah!
So I can feel, I can feel,
.What the World wont reveal to me.
I want nothing but the truth, yeah!
.What the World wont reveal to me.I want nothing but the truth, yeah!
.What the World wont reveal to me.
