

# Peace Sign (feat. Dave East)

Sevyn Streeter

Uhh, two, three...  
Hey babe, I ain't got no T-shirt on  
Hey babe, I ain't got no panties on, no  
'Cause I just got out the shower  
I just put my lotion on  
And you know my skin won't glow for hours  
So hurry up and bring your ass home, oh  
So you can take me down  
After you go down  
It's finna go down Laying with my back to ground  
Looking at the ceiling like  
I remember how we did it  
Tell me when to wrap 'em around you  
I'll be in my signal for love  
With my legs throwing up the peace sign  
Throwing up the peace sign  
Throwing up the peace sign  
Throwing up the peace sign  
How you like my peace sign?  
Legs in the air, and I got 'em up high right now  
Just put it right there  
In between my thighs right now, ooh  
'Cause I just got out the shower  
I just put my lotion on  
And you know my skin won't glow for hours  
So hurry up and bring your ass home, oh  
So you can take me down  
After you go down  
It's finna go down  
Laying with my back to ground  
Looking at the ceiling like  
I remember how we did it  
Tell me when to wrap 'em around you  
I'll be in my signal for love  
With my legs throwing up the peace sign  
Throwing up the, throwing up the peace sign  
Throwing up the, throwing up the peace sign  
Throwing up the peace sign  
How you like my peace sign?  
Take them leggings off  
I put the house on you  
Baby, I'll bet it all, you light with that makeup

I bet I sweat it off  
I lick you from head to toe mama I get it all  
Your body taste like water I'm 'bout to take a dive  
I ain't into that rushing, I'm bout to take my time  
You keep pulling me closer you got my full attention  
Your bottom lip, I get to biting on what you've been missing  
I grab your ankles as I recline  
Both legs on my shoulders making the peace sign  
You've been talking about it so now I need mine  
We got the bed wet leaning up while the sheets drying  
I hope you know that second round coming  
Sweet tooth for your body, it's like a candy shop  
She ain't got on no panties, how could her panties drop?  
Got me thinking vacations, you need a tan or not?  
Told me put on some itsy is you a fan or not  
With my legs throwing up the peace sign  
Throwing up the, throwing up the peace sign  
Throwing up the, throwing up the peace sign  
Throwing up the peace sign  
How you like my peace sign?  
L-l-legs in the air, air  
L-legs in the air, air  
L-legs in the air, air  
L-l-legs in the air, air  
L-legs in the air, air  
L-legs in the air, air
