

# Ruin

## Seinabo Sey

I escaped you right on time  
Can't be partner in this crime  
Stars shot down the remnants of my dreams  
Kiss like on a silver screen  
Cotton fields and beauty queens  
Nothing here was ever as it seems  
Time has come to leave the line  
I can't sign your pledge this time  
Madness bred across the land as we  
Saw the devil hat of tricks  
We have cloves and crucifix  
He who stands for nothing, falls alone  
You tighten the row  
Watch the seasons grow  
You have made it clear  
Nothing for me here  
Said to each his own  
We all stand alone  
I'm just a brick in your ruin of love  
I'm just a brick in your ruin of love  
I'm just a brick in your ruin of love  
We have played these strings attached  
Out of key, we didn't last  
Sunset in our never-ending sea  
I held onto broken parts  
Love is but a poisoned dart  
Drenched in kerosene, I still believe  
You tighten the row  
Watch the seasons grow  
You have made it clear  
Nothing for me here  
Said to each his own  
We all stand alone  
I'm just a brick in your ruin of love  
I'm just a brick in your ruin of love  
I'm just a brick in your ruin of love  
There is nothing more I need to say  
There is nothing more I need to say  
I'll forgive you, but it's not that day  
There is nothing more I need to say  
There is nothing more I need to say  
I'll forgive you, but it's not that day
