

# Special Affair

## The Internet

Penny for your thoughts  
I know what you want  
I can read your mind even from behind  
(and)fuck whats in your phone, let me take you home  
I wanna take you home  
Cause its so rare that im here, Dont plan on staying to long  
So you should come here, sit yo ass on this throne  
Its a Special Affair, Better act like you know who I amWho I am  
I bet this patrone make you feel nice and comfortable  
Tryna Act nice, Girl your covers blown  
But you already knew that, you already knew that, you already knew that (We can burn one)  
We can burn oneLaying in the dark I might break your heart  
I can't get you high if you wanna clown  
fuck whats in your phone, Let me take you home  
I wanna take you homeCause its so rare that im here, Dont plan on staying to long  
So you should come here, sit yo ass on this throne  
Its a Special Affair, Better act like you know who I amwho I am  
I bet this patrone make you feel nice and comfortable  
Tryna Act nice, Girl your covers blown  
But you already knew that, you already knew that, you already knew that  
I bet this patrone make you feel nice and comfortable  
Tryna Act nice, Girl your covers blown  
But you already knew that, you already knew that, you already knew that (We can burn one)We  
can burn oneI bet this patroneI bet this patrone
