

# Between You Baby And Me (with Linda Clifford)

Curtis Mayfield

Well, here we are  
It's kind of nice, we're like this  
Very special treat though, I like that  
Between you baby and me, love  
I can't believe this feelin'  
You're so sweet honey, delicious  
All our world is true, true  
You're so nice, a lot of talent, I like it  
Smooth and serious and I can be persuaded  
I truly, truly, truly adore you, how I adore you  
Take me in a precious way, precious way  
You and me baby, between us, just between us  
Make all the stars glow from our eyes  
All the treasured pleasure emotions, love's emotions  
Nothing to lose but a try, try  
A try, oh baby  
It's like dancing when romancing with you love, oh baby  
We get down, get down and move all around  
Swaying, swaying, laying, embrace me  
Embrace me, please embrace me  
We two just getting down  
Get down for me, baby  
You and me baby, between us, just between us  
Make all the stars glow from our eyes  
All the treasured pleasure, emotions, love's sweet emotions  
There's nothing to lose but a try, try me, baby  
Try me, between you baby and me, love  
Between you and me, I can't believe if this feelin'  
I want you to believe it  
You're so sweet, sweet honey, delicious  
Baby, and all our world is true, it's so true  
All our world is true  
Yes indeed, it's really me and you  
Me and you little mama  
Dancing, romancing  
Get down for me baby, baby  
Just embrace me, embrace me one more time  
You know I want to, baby, ooh sweet embrace  
You know I need to, baby, oh, my love  
All our world is true, it's true
