

Lovemark (feat. Powfu)

Ouse

Lovemark, yeah, love scars
Can't go far with my heart
When you come in my car All I do is go fight Lovemark, yeah, love scars
Can't go far with my heart
When you come in my car
All I do is go fight For how long will it last?
I still hang in the past
I still want what you have
In my heart, do you care?
Do you care?
Do you care?
Do you care?
Hiding my pain, there's poison in my veins
Going insane, the lack of you is driving me crazy
Don't know what I'm saying, there's nothing that you're saving
And you know that I'm praying, I can't feel the rain
Pop another X pill (aye), always aim for that kill (aye)
I don't know what I feel (aye), am I dreaming or real? (aye)
Up for you to decide (aye), am I dead or alive? (aye)
When I go for that right (aye), a little pain the side Lovemark, yeah, love scars
Can't go far with my heart
When you come in my car
All I do is go fight For how long will it last?
I still hang in the past
I still want what you have
In my heart, do you care?
I still really want what we both had
Writing all our stories in my notepad
Had you in my sights, but I missed it
I'm an odd number, I'm a misfit I want some real friends that don't stab my back
Getting sick of fakes and these heart attacks
My life always filled with hurt
Why do I always get what I don't deserve? I been acting up with my mood swings
Ain't feeling shit, no toothaches
And my weakness, I look food, cake
I might dip this place to a new state
Keep on eating fast food, it feels like I'm starving
Lately, I've been messed up, I don't feel my heartbeat You said I don't try, but I tried my heart
Left an indent like a sharkbite mark
When you coming back, 'cause I need you
Slowly I'm dissolving till I'm see-through Lovemark, yeah, love scars
Can't go far with my heart

When you come in my car
All I do is go fight For how long will it last?
I still hang in the past
I still want what you have
In my heart, do you care?
