

Jennifer

Jodeci

Here I'm all alone again
Thought I could settle down, my friend
Hoping for something to let
Hoping for something to let
Then you left me all alone
Called me on the telephone
Said you found someone and you found fast
Girl you found him fast All of my dreams are shattered
As soon as I came home
Now that I lost you, girl
Jennifer is gone
I want you to know this pain is real
I wish I could show you how I feel
I want you to know this pain is real
I wish I could show you how I feel
Now what is this other guy about?
What does he have that I have not?
Is it because I'm too far?
Is it because I'm too far?
The distance is not so far away
Why is this the price I have to pay?
To feel the touch of your beautiful star
Beautiful star All of my dreams are shattered
As soon as I came home
Now that I lost you, girl
Jennifer is gone
I want you to know this pain is real
I wish I could show you how I feel
I want you to know this pain is real
I wish I could show you how I feel
All of my dreams are shattered
As soon as I came home
Now that I lost you, girl
Jennifer is gone
I want you to know this pain is real
I wish I could show you how I feel
I want you to know this pain is real
I wish I could show you how I feel
