

Out da Hood (feat. Nef The Pharaoh)

JL

Disko Boogie on the beat
Wow, wow, wow, wow, wow, wow, wow, wow
Niggas done came up
Wow, wow, wow, wow, wow, wow, wow, wow
Niggas done came up Came with the game, got 'em all starstruckin' (ay)
Stuck on my chain, got that thing sparklin' (wow)
Not the same, can't complain 'bout the car shufflin'
Smoke good, grass on me like I'm yard cuttin' (ay)
Double L or Nuthin' never laid a seed in a dirty ho like gardening (wow)
Fuck a lame, that guitar chugging
Hold the title like a glove compartment, they target 'em
I'ma take you back to the part with no hard duckin'
Had me charged
I was finna starve in the dark hun (grr)
Fast forward to the car with the start button
On the yard fuckin' on the floor 'cause new carpet in (wow)
Got the whole hood goin' hammy
Frozen TV dinners to dining at Gordon Ramsay (ay)
Calamari with all the garnishment now I'm fancy (woo)
Niggas never thought I have all these diamonds on me dancing
Wow, wow, wow, wow
Niggas ain't believe me
Now they say the same thing when they see me
Wow
You doin' pretty damn good
I thought you'd never make it out the hood
Thought we wouldn't make it out the hood
(made it out the hood though)
Thought we wouldn't make it out the hood
(made it out the hood though)
Thought we wouldn't make it out the hood
(made it out the hood though)
Nigga's doin' pretty damn good
Tell me I'm the one
I'm tryna do it twice
Everybody got advice
Devil come in disguise
Level come with a price
Everyone got a vice
On the run with my guys
Niggas all throwin' signs
Zigzag for the lime green

Polo for the high jean
Low key with the high beam
Do you run for the right thing?
Wow, wow, wow, wow
Jet Li with the fight scene
Ink all on my light skin
In Dubai just sightseeing
Wow Niggas ain't believe me
Now they say the same thing when they see me

Wow

You doin' pretty damn good
I thought you'd never make it out the hood
Thought we wouldn't make it out the hood
(made it out the hood though)
Thought we wouldn't make it out the hood
(made it out the hood though)
Thought we wouldn't make it out the hood
(made it out the hood though)

Nigga's doin' pretty damn good
Wow, wow, wow, wow, wow, wow, wow, wow

Niggas done came up

Wow, wow, wow, wow, wow, wow, wow
Niggas done came up
Bling blaow, wow, Look at my necklace

The Tesla drives itself, I'm not wreckin'
They thought I wouldn't make it out my section
It put a smile on my face when the checks in
Wow, wow, wow, I'm doin' good
Chang the worldwide nigga that's still hood
Dem bitches should've believed me when I said believe me
Now I'm throwing money in the air like I'm bulimic
She wanna give me head, I tell that bitch I don't need it though

Dancin' in that pussy, I'ma get it when I see it
I spend thirty on the ice, but a nigga is anemic
And I always pack a heater, situations get heated
Mad that I came up

Let a nigga touch me and that's gonna be his last touch
Blow Draymond Green but I'm playing for the Bucks

The score ain't even, Condiments, ketchup
It's the Chang, nigga
Wow, wow, wow, wow
Niggas ain't believe me

Now they say the same thing when they see me

Wow

You doin' pretty damn good
I thought you'd never make it out the hood
Thought we wouldn't make it out the hood
(made it out the hood though)
Thought we wouldn't make it out the hood
(made it out the hood though)
Thought we wouldn't make it out the hood
(made it out the hood though)

Nigga's doin' pretty damn good
Wow, wow, wow, wow, wow, wow, wow
Niggas done came up
Wow, wow, wow, wow, wow, wow, wow
Niggas done came up
