

Champions (feat. Harry Brooks Jnr)

Astronaut

Cold light falling on the ground
Long day but we won't back down
One thing playing on our minds
Long wait but we won't give up now You crave the love I gave
And we'll do it again
A cold night getting warmer now
The ground shakes as our love gets loud We are the champions
The champions of the night
We are the champions
The champions of the night
We are the fighting type
The ones that burn so bright
We are the champions
The champions of the night
I'm ready to love!
I'm ready to love!
The champions of the night Can't tell if we're dreaming now
We watch as the fire falls down
One thing playing on our minds
Time stops and we don't make a sound You I crave the love I gave
And we'll do it again
A cold night getting warmer now
The ground shakes as our love gets loud
I'm ready to love!
We're the champions of the night
I'm ready to love! I'm ready to love!
I'm ready to love!
The champions of the night
