

# Somebody New

## Joywave

With my eyes on the prize  
Not a thing to my name  
With my head in the clouds  
And my body a waste  
Don't wanna ever wake up  
Don't wanna ever wake up,  
I don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up,  
I don't wanna ever wake up  
Next to somebody new  
With my eyes to the south  
And my brain up in space  
with my nervous looks around  
I'm a step out a sync  
Don't wanna ever wake up  
Don't wanna ever wake up,  
I don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up,  
I don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Next to somebody new
