

# Mood

## Felix Cartal

I've been off, now I'm on  
I chase that feeling  
So, baby, roll the dice  
We're fly as high as kites  
Eyes wide shut  
We keep on dreaming  
Ride it in overdrive  
Doing wrong things right Monday is my Saturday  
We don't worry 'bout anything, no  
Ooh, this is my mood  
Every week is a holiday  
Kill it getting ready born to slay, yeah  
We never ever felt so good  
Monday is my Saturday  
Do whatever is what we're here for  
Ooh, this is my mood  
Every week is a holiday  
Break the rules seaside with me, yeah  
We never ever felt so good  
This is my mood  
Never ever felt so good  
This is my mood  
living never felt so good We're speeding up  
This wave is rising  
Hey, baby, strike a pose  
High life overdose  
We run away, no hesitation  
So we only we know  
Take me high and low Monday is my Saturday  
We don't worry 'bout anything, no  
Ooh, this is my mood  
Every week is a holiday  
Kill it getting ready born to slay, yeah  
living never felt so good  
This is my mood  
Never ever felt so good  
This is my mood  
Never ever felt so good Monday is my Saturday  
We don't worry 'bout anything, no  
Every week is a holiday  
Kill it getting ready born to slay, yeah  
(This is my mood)

Do whatever is what we're here for  
Every week is a holiday  
Break the rules seaside with me, yeah This is my mood  
Never ever felt so good  
This is my mood  
Never ever felt so good This is my mood  
Never ever felt so good  
Ooh, this is my mood  
Never ever felt so good
