## **Nothing for Me Here**

## **Dope**

How many times should I stop and believe in myself
I don't believe much in anything
I've seen enough of the pain and the shame and the blame
It don't amount up to anythingNow I rewind
Back to a time

Where I would do anything and pay any price

And I need time

'cos I'm starting to think

That the promises ain't worth the sacrificeAnd there's nothing for me here!

There's nothing for me here...

How many nights should I walk in my sleep

As I dream of how much I wanna run away

I've had enough of the stress and the mess

I can't take any more

I gotta get awayNow I know why

I'm empty inside

And I'm sure I've only got myself to blame

And I don't try

To view the lies

It's just a waste of time we'll never be the sameThere's nothing for me here

There's nothing for me here

There's nothing for me here

I gave you my life and it's fading away

There's nothing for me here

I gave you my life just to fade away

And I can't go on

And I can't explain

When everyone's going on

Life's folding the blame

And I can't rewind

And there's no escape

It's been so long that I just

Don't feel the sameThere's nothing for me here

There's nothing for me here

There's nothing for me here

I gave you my life and it's fading away

There's nothing for me here

I gave you my life just to fade awayHow many times should I stop and believe in myself I don't believe much in anythingThere's nothing for me here

There's nothing for me here

I gave you my life just to fade away
