

Where's the Revolution

Depeche Mode

You've been kept down
You've been pushed 'round
You've been lied to
You've been fed truths
Who's making your decisions?
You or your religion
Your government, your countries
You patriotic junkies Where's the revolution?
Come on, people
You're letting me down
Where's the revolution?
Come on, people
You're letting me down
You've been pissed on
For too long
Your rights abused
Your views refused
They manipulate and threaten
With terror as a weapon
Scare you till you're stupefied
Wear you down until you're on their side Where's the revolution?
Come on, people
You're letting me down
Where's the revolution?
Come on, people
You're letting me down
The train is coming
The train is coming
The train is coming
The train is coming
So get on board
Get on board
Get on board
Get on board The engine's humming
The engine's humming
The engine's humming
The engine's humming
So get on board
Get on board
Get on board
Get on board The train is coming
The train is coming

The train is coming
The train is coming
So get on board
Get on board
Get on board
Get on boardThe engine's humming
The engine's humming
The engine's humming
The engine's humming
So get on board
Get on board
Get on board
Get on boardWhere's the revolution?
Come on, people
You're letting me down
Where's the revolution?
Come on, people
You're letting me down
