

# Doing It (feat. Rita Ora)

Charli XCX

We're staying all night  
We never slow down  
I think we better do it like we're doing it now  
It's been a long time  
Since we've been around  
So come on, let's keep doing it like we're doing it  
Doing it like we're doing it Waited so long just to be here  
Now we're bringing this back to life  
Yeah, we're bringing this back to life  
Want you to know how I miss ya  
Now I got you right by my side  
Yeah, I got you right by my side Locked inside my veins you're in my blood, in my blood  
And we're united forevermore  
We're staying all night  
We never slow down  
I think we better do it like we're doing it now  
It's been a long time  
Since we've been around  
So come on, let's keep doing it like we're doing it  
Doing it like we're doing it Keep doing it like we're doing it  
Doing it like we're doing it Friends like a team in a circle  
We're together we're so alive  
Yeah, together we're so alive  
Joy like a jewel let it sparkle  
Know that I got your back for life  
Yeah, I got your back for life Locked inside my veins you're in my blood, in my blood  
And we're united forevermore  
We're staying all night  
We never slow down  
I think we better do it like we're doing it now  
It's been a long time  
Since we've been around  
So come on, let's keep doing it like we're doing it  
Doing it like we're doing it Keep doing it like we're doing it  
Doing it like we're doing it All night long  
We dancing to this song  
We doing it, we going on and on, on and on  
All night long  
We dancing to this song  
We doing it, we going on and on, on and on We're staying all night  
We never slow down  
I think we better do it like we're doing it now

It's been a long time  
Since we've been around  
So come on, let's keep doing it like we're doing it  
Doing it like we're doing it (All night long we dancing to this song)  
Keep doing it like we're doing it  
Doing it like we're doing it  
(All night long we dancing to this song)  
Keep doing it like we're doing it  
Doing it like we're doing it We're staying all night  
We never slow down  
I think we better do it like we're doing it now  
It's been a long time  
Since we've been around  
So come on, let's keep doing it like we're doing it  
Doing it like we're doing it
