

# The Bitter End

## Falling In Reverse

I'd die before I'd let you beat me  
Lost in a moment of time  
Self destruct switch on  
I try  
But it happens the same  
Everyday  
Here I go standing on the edge  
Holding on to the bitter end  
This is it this is me with the weight of the whole world on my shoulders again  
As I look up to the sky  
All the pain that is in my eyes  
It's all the things that you don't see  
But you best believe that it's haunting me  
Stuck inside this fucking mind  
Goodbye  
I will shut down  
Mission abort down for the count  
Stuck in a cycle  
Trapped in a nightmare  
Losing what matters  
See if I fight fair  
Here I go standing on the edge  
Holding on to the bitter end  
This is it this is me with the weight of the whole world on my shoulders again  
As I look up to the sky  
All the pain that is in my eyes  
It's all the things that you don't see  
But you best believe that it's haunting me  
I'm afraid I'm afraid  
This is what I can't be  
Get away, get away  
I just want to be happy  
I'm afraid I'm afraid  
This is what I can't be  
Get away, get away  
I just want to be happy  
I set sail on a voyage unknown  
Aboard a vessel that I call my soul  
And I've been searching for what makes me whole  
Sinking in the ocean on an empty boat  
Take me home I'm lost all alone, all alone  
I set sail on a  
voyage unknown  
Aboard a vessel that I call my soul  
And I've been searching for what makes me whole  
Sinking in the ocean on an empty boat  
Here I go standing on the edge  
Holding on to the bitter end  
This is it this is me with the weight of the whole world on my shoulders again  
As I look up to the sky

All the pain that is in my eyes  
It's all the things that you don't see  
But you best believe that it's haunting me  
They tortured me
