

Kiss the Sky

Cash Cash

You & I
We could fly
Til we die
So high that we could kiss the sky
You & I
We could fly
So high that we could kiss the sky So high that we could kiss the sky!
So high that we could kiss the sky! You & I
We could fly
So high that we could kiss the sky!
So high that we could kiss the sky!
Garnet, Amethyst and Pearl... and Steven (Get grassy) You & I
You & I We're all looking for it
We're all fighting for it
Just enough to keep us up all night
We're all looking for it
We're all fighting for it
Just enough to make us feel alright We're all looking for it
We're all fighting for it
Just enough to keep us up all night
We're all looking for it
We're all fighting for it
Just enough to make us feel alright
You & I
We could fly
Til we die
So high that we could kiss the sky
You & I
We could fly
So high that we could kiss the sky
You & I We could fly
Til we die
So high that we could kiss the sky
You & I
We could fly
So high that we could kiss the sky
So high that we could kiss the sky
So high that we could kiss the sky
So high that we could kiss the sky
