Give It Up (Kissy Sell Out's 4x4 Cello Mix)

Datarock

She shot you down like an animal Give it up, Oh-oh-oh-oh Wanna live your life like a Romeo Oh-oh-oh-oh-oh-ohHush, don't you cry Live and let die Spread out your wings and flyTry to keep your feet on the patio Give it up, Oh-oh-oh-oh Wanna show Perrineau your Mercutio Oh-oh-oh-oh-oh Hush, don't you cry Live and let die Spread out your wings and flyCause the strong shall thrive While the weak will all perish Only those fit surviveYou gotta live by the game You gotta live by the rules You gotta know your means and your moves You gotta keep up your guard You gotta hit quick and hard You gotta know when to hold or fold your cards We'll hook you up with an enema Give it up Oh-oh-oh-oh And don't stop till you get enough
