

# Gemini

## The Alan Parsons Project

(Lead vocal - Chris Rainbow) Watching waiting rising falling  
Listening calling Drifting  
Touching feeling seeing believing  
Hoping sending leaving  
I couldn't say why you and I are gemini  
If I tried to write a Million words a day  
I see your shadow coming closer  
Then watch you drifting away  
Watching Waiting rising falling  
Listening calling Drifting  
Touching feeling seeing believing  
Hoping Sending leaving  
I couldn't say why you and I are gemini  
We are travelling a million worlds away  
I see your Shadow coming closer  
Then watch you drifting away
