

# Trouble Maker

LANCO

She got a little more wiggle in her walking  
The boys shut up and the girls start talking  
Candy red lipstick, wild cherry flavor  
Hottie here to party and you know I ain't a hater  
(1, 2, 3, 4, there she goes on the floor)  
Yeah, she's a hip shaker  
Heartbreaker, trouble maker  
Woo hoo, I'll take her  
When here song comes on, she's a main attraction  
Every guy can't help but want in on the action  
You got your wannabes and you got your players  
I'm just a guy who appreciates what her momma gave her  
(1, 2, 3, 4, work that booty on the floor) Work it  
Yeah, she's a hip shaker  
Heartbreaker, trouble maker  
Woo hoo, I'll take her  
Get down, turn around  
Stomp them boots, on the ground  
Some guys got a line, some guys buy a drink  
Some guys make a move, some guys just think about it  
I'm in the band, thought that would get her  
But she left with her girlfriends, should've known better  
(1, 2, 3, 4, there she goes out the door)  
Yeah, she's a hip shaker  
Heartbreaker, trouble maker  
Woo hoo  
Yeah, she's a hip shaker  
Heartbreaker, trouble maker  
Woo... ah, forget her
