Sunset (Jamie Jones Remix)

The xx

I saw you again,
it felt like we had never met
It's like the sun set in your eyes and never wanted to rise
And what have you done with the one I love?
When I look into your eyes,

I see no surprise
I always thought it was sad
The way we act like strangers
After all that we had

We act like we had never metWe make believe, I've never seen your face, you neither me You catch my eye, I'll register a smileYou were more than just a friend,

oh the feeling

It never came to an ending, I can't bear to see you

I always thought it was a shame That we have to play these games

It felt like you really knew me

Now it feels like you see through meWhen I see you again

I'll know not to expect Stay one step away

We won't have to waitWhen I see you again

And I'm greeted as a friend

It is understood

That we did all we could

I always thought it was sad

The way we act like strangers

After all that we had

We act like we had never met

I always thought it was a shame

That we have to play these games

It felt like you really knew me

Now it feels like you see through me
