

# Riot Act

## Exodus

Rise up and revolt  
Overthrow the government  
Level all the temples  
Destroy the monuments Return to anarchy  
Defy the Christian law  
Prepare for mutiny  
Prepare for coup d'etat So begins our final riot act  
Now that your in, there'll be no turning back  
Smash everything, wreck it all with pride  
The power of our revolution won't ever be denied  
Reduce the halls of power  
To ruin and to ash  
An end to Christianity  
An end to holy mass The dawn of an iron age  
Return to Pagan law  
Lex Talionis  
We rule by fang and claw  
So begins our final riot act  
Now that your in, there'll be no turning back  
Smash everything, wreck it all with pride  
The power of our revolution won't ever be denied
