## I'm in Love (feat. James Vincent McMorrow)

Kygo

I'm in love, I'm in love I'm in love. I'm in love I'm in love, I'm in love I'm in love, I'm in loveI'm in love, I'm in love I'm in love. I'm in love Not enough, I see you waiting Your hands up, your body's shaking That hard look I know you're faking I know you lie, I seen you lying With four months in front of me And now we're same old enemies It's cold blooded, come back to me Come back to me I know you couldn't stand to be here on your ownYou, you never last without someone to hold Now you're crawling back, you forget what you are Now you and your heart are nothing, your heart You say you'd rather die, you got caught in a lie Say you'd rather die when there's no one to blame Now there's nothing left, you forget what you claim Now you and your heart are nothing, your heart are nothing I'm in love, I'm in love Not enough, I see you waiting Your hands up, your body's shakingThat hard look I know you're faking I know you lie, I seen you lying With four months in front of me And now we're same old enemies It's cold blooded, come back to me Come back to me I know you couldn't stand to be here on your ownYou, you never last without someone to hold Now you're crawling back, you forget what you are Now you and your heart are nothing, your heart You say you'd rather die, you got caught in a lie

Say you'd rather die when theres no one to blame Now there's nothing left, you forget what you claim Now you and your heart are nothing, your heart are nothing Love, love, im in love, im in love, im, im in love Love, love, im in love, im in love, im, im in love Love, love, im in love, im in love, im, im in love Love, love, im in love, im in love, im, im in love Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
