

# End of the World

## The Living End

Last night I had me a dream son  
The end of the world could be seen  
No sign of life could I feel son  
Nothing was what it had been Black as the night, life out of sight  
You can't imagine the scene Last night I had me a dream son  
The end of the world could be seen  
I didn't know where to turn son  
The absence of life was obscene The end of time or just in my mind  
I know that it's hard to believe  
And I can almost see the end of the world  
And I can almost see the end of the world  
So give me a minute  
And I'll put you in it  
But you must never return It could occur any day son  
Just you remember and pray  
You have what you love  
Now love what you have  
And maybe then you will last a bit longer Black as the night, life out of sight  
You can't imagine the scene And I can almost see the end of the world  
And I can almost see the end of the world  
So give me a minute  
And I'll put you in it  
But you must never return  
Last night I had a dream  
The strangest that I'd ever seen  
Yes you were there and you were  
Telling everybody not to worry  
Just let it be  
Then you led me to believe  
Everything happens in threes  
But as you spoke then I awoke  
Only to find that we'd arrived  
At the end of the world.
