## Jamie Foxx

I'll start by saying.  
tell me something good, show me something great.  
What you doin early, what you doing late?  
Do you think that you could put me in your plans?  
If you invite me over girl, I'll bring the drinks.  
Damn, I'm gonna be free so girl it's up to you.  
And you already know the things I like to do.  
I ain't really with the beatin around the bush.  
You already know, so let's go, baby.

Tell me how to get there.  
Send me your address.  
Tell me how to get there.  
Already be started with a

Now I'm kissin you, touchin you, freaky you over at your house.

Start a little slow, then pick up the pace.  
Everything I told you I was gonna do.

Your body, I want it, until the morning.
