Ain't Even Done With the Night

John Mellencamp

Well, our hearts beat like thunder I don't know why they don't explode You got your hands in my back pockets And Sam Cooke's singin' on the radio

You say that I'm the boy who can make it all come true

Well, I'm tellin' ya that I don't know if I know what to doYou say that's all right, hold tight Well, I don't even know if I'm doin' this right

Well all right, hold tight

We can stay out all day or we can run around all night

Well all night, all night

Well, it's time to go home

And I ain't even done with the night

Well, I don't know no good come-ons

And I don't know no cool lines

I feel the heat of your frustration

I know it's burnin' you up deep down inside

You say that I'm the boy who can make it all come true

Well, I'm tellin' ya that I don't know if I know what to doYou say that's all right, hold tight Well, I don't even know if I'm doin' this right

Well all right, hold tight

We can stay out all day or we can run around all night

Well all night, all night

Well, it's time to go home

And I ain't even done with the night

Ain't even done with the night, hold tight

Well, I don't even know if I'm doin' this right

Well all right, hold tight

We can stay out all day or we can run around all night

Well all night, all night

Well, it's time to go home

And I ain't even done with the nightNo I ain't even done with the night

No, no, ain't even done with the night

No, I ain't even done with the night

No, no, ain't even, ain't even done with the night

No, no, ain't even done with the night

No I ain't even done with the night
