

nEXt (Remix) [feat. YG]

Sevyn Streeter

Together
Forever, I will never...
Never, let you go!
Seem like soon as we say that,
We at war
Surrender...
Some'n we don't know! It's something between us,
Certain fire in our love
It's unreleasable, unbelievable!
We're miserable apart, but together it's so hard
All I need to know, Oh, all I need to know
How could my ex-boyfriend, be my next-boyfriend?
My ex-boyfriend, be my next-boyfriend
How could my ex-boyfriend, be my next-boyfriend?
I need to know-ow-ow-ooow, ohhh, oh!
Mmm,
Every time we break-up
We turn around and we make up
Momma wonder when I'm gone wake up
But he love my face with no make-up, yeah!
And every time I call'em, we end up having a problem
And I know we probably never solve it, hmmm
But damn, I really love him! It's something between us,
Certain fire in our love
It's unreleasable, unbelievable!
We're miserable apart, but together it's so hard
All I need to know, Oh, all I need to know
How could my ex-boyfriend, be my next-boyfriend?
My ex-boyfriend, be my next-boyfriend
How could my ex-boyfriend, be my next-boyfriend?
I need to know-ow-ow-ooooh, knooooow?
I leave him (leave'em)
Go back to him (back to'em)
Then leave him (leave'em), again! (Ahhhhh)
What we're doing (what we doin'), I wish I knew it (wish I knew it)
I really don't understand
He love me (love me), he love me not (love me not)
What the hell we're doing?
I need to know, I need to know! How could my ex-boyfriend, be my next-boyfriend?
My ex-boyfriend, be my next-boyfriend
How could my ex-boyfriend, be my next-boyfriend?

I need to know-ow-ow-ooooh, knooooow?
