

Common Denominator

Justin Bieber

Just a fraction of you love
Fills the air
And I fall in love with you
All over again
You're the light that feeds the sun
In my world
I'd face a thousand years of pain
For my girl Out of all the things in life
That I could fear
The only thing that would hurt me
Is if you weren't here (woah)
I don't want to go back
To just being one half
Of the equation
You understand what I'm sayin'?
Girl, with out you I'm lost
Can't fix this compass at heart
Between me and love
You're the common denominator
(oh, oh, ooh, oh)
You're the common denominator
(oh, oh, ooh, oh) Before your love was low
Playing girls was my height
You changed the game that would put
My card in the side When broken hearts rise up to say
Love is a lie
You and I will stand to be
Loves reply (yeah)
Out of all the things in life
That I could fear (yeah)
The only thing that would hurt me
Is if you weren't here
Here, here, yeah yeah I don't want to go back
To just being one half of the equation You understand what I'm sayin?
Girl, with out you I'm lost Can't fix this compass at heart
Between me and love
You're the common denominator
(oh, oh, ooh, oh)
You're the common denominator
(oh, oh, ooh, oh) I can't imagine life without your touch
And every kiss that you give
Can fill me up And through all the heart achin

Jealous females hatin
Imma hold it down for you
You
woah
oh woah You're the common denominator
oh
yeah
woah I don't wanna go back
I don't wanna go back
To just being one half
Of the equation (half of the equation)
Do you understand what I'm sayin?
Girl without you I'm lost
Can't fix this compass at heart
Between me and love
You're the common denominator
(oh, oh, ohh, oh)
You're the common denominator
(oh, oh, ohh, oh) Just a fraction of your love
Fills the air
And I fall in love with you
All over again
