

Stay Safe

Rhye

I'm all out of ways, to tell you how this got away, how this got away
I'm all out of ways,
to tell you how this got away, how'd this get away? Ohhhh It's hard to hear your mood It's how
we live, It's tough to stay away, just say another way You wanna lay low, you wanna stay safe,
let's make a home, mm Pouring through these days, I'll tell you how we'll get away
But let's not spill this day
We're coming into phase
I'm feeling how we'll keep it safe
How we'll keep it safe
It's hard to hear your mood It's how we live, It's tough to stay away, just say another way
Don't stay away, make love all day, hm You wanna lay low, you wanna stay safe, let's make a
home, mm Ohhhh, I wanna live here
Ohhhh, I wanna live here, oh my dear Ohhh, this pace grows now that summer's gone
Ohhh, this pace grows now that summer's gone
You wanna lay low, you wanna stay safe, let's make a home, mm
You wanna lay low, you wanna stay safe, let's make a home, mm
You wanna lay low, you wanna stay safe,
let's make a home (let's make a home), mm
You wanna lay low, you wanna stay safe,
let's make a home (let's make a home), mm
