## You're Like Coming Home

## **Emerson Drive**

Ridin' restless under broken sky, weary traveler, somethin' missin' inside Always lookin' for a reason to turn around Desperate for a little peace of mind, just a little piece of what I left behind Well, I found it now, you're like coming homeYou're like a Sunday mornin', pleasin' my eyes You're a midsummer's dream under a star-soaked sky

That peaceful easy feelin' at the end of a long, long road You're like coming home, you're like coming home, alrightGo head an' let your hair fall down this wanderlust it's gone now

I'm here in your arms, I'm safe from the road again These are the days that can't be erased baby, there isn't a better place You're like heaven, you're like coming home You're like a Sunday mornin', pleasin' my eyes You're a midsummer's dream under a star-soaked sky That peaceful easy feelin' at the end of a long, long road You're like coming homeYou're that innocence, that serenity That long-lost part of meYou're like a Sunday mornin', pleasin' my eyes A midsummer's dream under a star-soaked sky That peaceful easy feelin' at the end of a long, long roadYou're like a Sunday mornin', pleasin'

my eves You're a midsummer's dream under a star-soaked sky That peaceful easy feelin' at the end of a long, long road

You're like coming home, yeahYou're like coming home

Baby, like coming home You're like coming home Go head an' let your hair fall down You're like coming home Baby, like coming home, oh yeah

You're like coming, you're like coming home You're like coming, you're like coming home
