

I Am Your Leader (feat. Cam'ron & Rick Ross)

Nicki Minaj

Look sucker, this my gun butter
Street fighter bitches, this the up cutter
Nunchucka', no time to ducka'
Sign of the cross, cause this is her last suppa'
Play with me, check who came with me
I bought a couple 9's, plus the k's with me
I breeze through queens to check some bad bitches
I stunt so hard, assess the damages
Cause this that aw, this is that aw
And yes, I body bitches go get the bandages
Young yummy, fuck you got for me
I hate a phony bitch that front that chum chummy
I'm me top shotta' drop the top toppa'
Big fat pussy with a icy watch
I am your leader, yes I am your leader
You're not a believer, suck a big dick When I fly, it's one letter and one number
You wack hoes could get hot for one summer
After that the queen will still reign here
I'm Santa Clause to these hoes without a reindeer
Saint Nick, Ross, hey Rick, I just got a toy, cost 850
Now I'm in the hood, niggas is getting woodies
Hit up Hot Topic, Nicki Minaj hoodies
I'm a Brand bitch I'm a BRAND
Go to Harlem, and get Cam
It's dipset, get your dick wet
Boarded the big jet, and got a big check
Now you tell me, who the fuck is winning
I'm on my Russell Simmons, Nicki denim, Nicki linen I am your leader, yes I am your leader
You're not a believer, suck a big dick
Jealous niggas is gossip, watch me tie up my laces
Bitches be jocking, tell by the look on they faces
8 digits I'm clocking, a lot of gold in my bracelet
7 figures on watches, I told my mama I made it
Made a deal for my project, just give me 10 mill I'm gravy
I went back to the projects, and 2 mill in Mercedes
I get head from your lady, have her bill me later
I'm on school with the hustle, just gave Rihanna my pager
Heart break hotel, I'm in the 8 rise suite
Rolls Royce wood, I'm talking playoff seat
Know that boy busy cause he balling, I like to play all week
Monday night with the 'RAW', I'm Vince McMahon with a beat
Power slamming them hammers I get you handle for free

So where the fuck is her manners, she gives brain while I tweet
Dm, in the bm, you cm, you bucking, you love it
Motherfucker, suck my dick, suck it I am your leader, yes I am your leader
You're not a believer, suck a big dick
I am your leader, yes I am your leader
You're not a believer, suck a big dick See the car is European but got imported from tokyo
Looking like a shark, the nose call it pinocchio
Well off, wealthy, lv, logo
Middle of july but the wrist on snowflow
Only do the Aspens, y'all can have the Poconos
I'm sunny and you my son
Ride the whip, 5 on the hip, live with the pies got 9 for the flip
High with a bitch, she cry for the dick, oh my know why I'm fly as it gets
Now I need an aspirin
She said you're only Cameron
Girlfriend you don't know Cameron from nowhere
So don't go tampering, you're just a nail I hammer
'Nother girl that's on my camera
My name you cannot slander at all girl watch your manners
She run and tell here mama, I think I love him, Nana
Because you sat upon my lap
Nah, I ain't Santa
Hope they call me they call me pied piper
OJ no glove I knife her, never be a lifer
Even do Rikers cause why would I fight her, don't even like her I am your leader, yes I am your
leader
You're not a believer, suck a big dick
I am your leader, yes I am your leader
You're not a believer, suck a big dick
