

# You've Ruined Me

Norah Jones

You've ruined me now  
But I liked it  
But I'm ruined  
Do you have a plan  
'Cause I'm in your hands You've ruined me now  
Though I liked it  
Now, I'm ruined  
I had no choice  
When I heard your voice I know you said  
"Can't be misled"  
Now I'm the one  
Whose face is red  
You've ruined me now  
Though I liked it  
Now, I'm ruined your chocolate eyes  
Like buttons of lies You've ruined me now  
Though I liked it  
Now, I'm ruined  
I'm trying to part  
With what's in my heart You've ruined me and how  
I thought I liked it  
But I'm ruined  
My whole world's now  
Turned upside down I heard me say,  
"I'm going away"  
But now I write  
You everyday  
You heard me say  
"I'm going away"  
But I'm on the floor  
Outside your door You've ruined me now  
You've ruined me now You've ruined me now  
But I liked it  
But I'm ruined  
Do you have a plan  
'Cause I'm in your hands
