

W.O.K.E.

Alex Simmons

[Verse 1]

Wake up, wake up, wake up,
All ya'll niggas sleeping on me well I came in here to shake up,
Haters looking at me crazy I'ma show em what I'm made of,
Niggas super soft like pie I'ma call em sweet potato, woah!Brain: Woah woah woah, Alex.
Chill chill chill.

Alex: What's up?

Brain: You starting to sound like Kendrick...

Alex: Yeah you right. But guess what?

I don't give a fuck what ya'll niggas say,

Bitch I'm here to stay,

Never going along with the flow bitch I'm a renegade,

Everything you say is bouncing off me like a ricochet,

Annihilate with detonation bitch that is my only way,

Hold up I just gotta tell the world I'm Walking Out Killing Everything,

Yeah that means I'm W.O.K.E.,

I'm shouting out to all my enemies,

Now I got all these niggas trying to be a friend to me,

But I don't fuck with hoes unless we sipping on Hennessy,

Hold up nigga, bad back before I pull the trigger,

I don't give a fuck right now bitch I been sipping liquor,

Don't make me blow up right now I'm tryna paint the picture,

Niggas acting tough right now when they ain't with the shits,

But wait a second before I spaz on em I should take a minute,

Do I wanna risk how I feel for all my relationships,

Fuck it I don't give two shits doubters are hating this,

Well all of ya'll can suck my dick now what you make of it,

I never been the nigga to go along with the faking shit,

I know right now my enemies wish that they could switch places,

With me because I be murdering, hurting all of the haters,

When all I'm doing is me, it's the haters that's gon replay this shit!

[Chrous]

I'll never turn my back on my family,
I promise I'm handling all of my business,
I do it for them, for them I'll kill I'm not scared to get vicious,
No I'm not crazy but just know that my mind's a bit twisted,
Fuck with the crew I'll put you on a hitlist,
It's like I'm back from the past see I'm the greatest that I've ever been,
These other niggas, they ain't got no place see I'm a veteran,
I'm better than most niggas who talking bout how they cheddar spend,
I'm the alpha bet, I do it better than the letter Em,
I ain't talking fake niggas talk I'll run up on ya,
We can smoke it out or let off steam I'm like a sauna,
Be cautious like no tomorrow, My niggas'll stalk ya mom,
We high ya'll niggas low, Like shouts out to Michelle Obama,
So hol up, hol up, hol up,
We gon pour up, pour up, pour up for my greatness,
Niggas hate it, let's get tore up, tore up, tore up,
I'm officially rigid, not asking for ya'll forgiveness,
Just tryna get ya'll to listen and better ya comprehension,
I had to come out and kill just so I can get ya'll attention,
In case I forgot to mention, Ya'll need to know that I'm different,
With it comes my decision to try to get ya'll to witness,
That I am a fucking beast and it's time to get down to business,[Chrous]
I'm going hard nigga (Cause we WOKE),
We about to raise the bar nigga (Yeah we WOKE),

And for all you lil niggas that can rap a little,
Don't try it, stay back I'll kill you,
On track like a Datsun that's silver that has two broken mirrors,
One flat on the rear left tire and engine smoke that kills you,
An engine that sets on fire sponsored by Bob The Builder,
Osama said I'm a killer, Obama said I'm resilient,
Persistent, OJ Simpson said that these bars are unfamiliar,
Drake told me I'm So Far Gone, That's why I am tryna heal,
And Jay told me to watch my throne, Touch it you will get killed![Chrous]
I'm going hard nigga (Cause we WOKE),
We about to raise the bar nigga (Yeah we WOKE),
