

You and Me

Dove Cameron, Sofia Carson, Cameron Boyce, Booboo
Stewart, Mitchell Hope & Jeff Lewis

Lookin' back at yesterday
I thought that I gave it everything
But still there's so much road ahead of me
When I looked into your eyes
I guess I didn't recognize
Who we are and all that we can be
Sometimes it's hard to find yourself
But it's worth it in the end
'Cause in your heart it's where it all begins
We gotta be bold
We gotta be brave
We gotta be free!
We gotta get loud
Makin' that change
You gotta believe
Wha-a-o
We look deep inside
And we'll rise up & shine
We can be bold
We can be brave
Let everyone see
It starts with you and me
Wha-a-o
Hey!
It starts with you and me
Wha-a-o
Hey!
It starts with you and me
There's something special that I've learned
It's together we can change the world
Everybody's got something they can bring
When you take a look inside yourself
Do you wish that you were something else
By who you are is who need to be
Sometimes it's hard to find yourself
But it's worth it in the end
'Cause in your heart it's where it all begins
We gotta be bold
We gotta be brave
We gotta be free!
We gotta get loud
Makin' that change
You gotta believe
Wha-a-o
We look deep inside
And we'll rise up & shine
We can be bold
We can be brave
Let everyone see
It starts with you and me
Wha-a-o
Hey!
It starts with you and me
Wha-a-o
Hey!
It starts with you and me
If we all can do our part
We know that it can be the start

To put up in the difference than we need I promise we can work this out
I promise we can see it through
Don't you know it's up to me
It's up to me and you! We gotta be bold
We gotta be brave
We gotta be free! (gotta be free) We gotta get loud
Makin' that change
You gotta believe Wha-a-o
We'll look deep inside (we can hide)
And we'll rise up & shine (oh, whoa) We can be bold
We can be brave (we can be brave!)
Let everyone see
It starts with you and me Wha-a-o
Hey!
It starts with you and me Wha-a-o
Hey!
It starts with you and me Wha-a-o
Hey!
It starts with you and me Wha-a-o
Hey!
It starts with you and me
