

# Above the Northern Lights

Mannheim Steamroller & Gene Neery

Up above the Northern Lights on Christmas night,  
shimmering above the clouds, dreams take flight.  
Legends say that spirits dance across the sky  
Children sing and sleigh bells ring, reindeer fly  
Magic fills the air,  
Spirits everywhere  
This is Christmas night  
Let your dreams take flight  
Up above the Northern Lights on Christmas night,  
Traveling through space and time  
Endless light  
You and I, beneath the skies, behold the light  
Quietly, the mystery fills the night  
Magic fills the air,  
Spirits everywhere  
This is Christmas night  
Let your dreams take flight  
Up above the Northern Lights on Christmas night,  
shimmering above the clouds, dreams take flight.
