

Rock It Till You Drop It

Fefe Dobson

C'mon now
Rock it till you drop it
Mmmm
Rock it till you drop it
You know what I'm sayin When your walkin walkin, your body's talkin to me... but your mouth
ain't makin a sound.
When I'm stalkin stalkin, I can feel my body rockin with all these feelings I've found.
It's in the way that he moves,
It's in the way that he likes the things I do.
It's in the way that he groves...
You know I love it when he takes me dancing. I never waited for that special one,
I thought I'd settle for a setting sun.
Tonight's the night we get this party on...
And on, and on, and on and on and on and on.
C'mon now
Rock it till you drop it, hey... And I'm takin takin, as you hit that tricky rythem, you take me out
on the floor.
I've been itchin itchin, for the jive that you've been drippin... and you got me wantin more.
It's in the way that he moves,
It's in the way that he likes the things I do.
It's in the way that he groves...
You know I love it when he takes me dancing. I never waited for that special one,
I thought I'd settle for a setting sun.
Tonight's the night we get this party on...
And on, and on, and on and on and on and on. C'mon now
Rock it till you drop it,
You know what I'm sayin.
We'll be rockin it, all night long...
We'll be droppin it, till the break of dawn...
There's no stoppin it, once the freak is on...
Is on, and on, and on and on...
We'll be rockin it, all night long...
We'll be droppin it, till the break of dawn...
There's no stoppin it, once the freak is on...
Is on, and on, and on and on... I never waited for that special one,
I thought I'd settle for a setting sun.
Tonight's the night we get this party on...
And on, and on, and on and on and on and on. I never waited for that special one,
I thought I'd settle for a setting sun.
Tonight's the night we get this party on...
And on, and on, and on and on and on and on. Special one, setting sun...
