

A Little Love

Bryan Adams

Some people walk the straight and narrow, some walk the rocky road
Some get the silver spoon and some get the heavy load
There's a man in a paper box, he smiles whenever we walk by
We just walk a little faster and say
"There but for the crazy of God go I" Just a little love
Just a little love
A little love can change it all Well, I've been up and down this highway and I ain't seen a road
sign yet
It's cold hard world baby, you gotta hang on to what you get
Well, I don't believe in miracles but that don't mean they don't come true
Well, I may not get to Heaven
But I get a little closer when I'm with you
Just a little love
Just a little love
A little love can change it all Well, I get a little tired walkin' down the street
People on my side, everyone I meet
But they don't know what's on my mind
And they don't know that they might find A little love
Just a little love
Just a little love can change it all Right when you think you don't need love is when you need it
most
Even if you got the father, the son and the holy ghost
Well, there's more to truth baby than what we know is true
Yeah we wonder round in the darkness
But every now and then a little shines through
Just a little love
Just a little love
A little love can change it all
A little love can change it all
A little love can change it all
