## **Chloe (You're the One I Want)**

## Emblem3

Chloe, I know your sister turns everyone on
But you're the one I want
But you're the one I want, yeahYeah, front page magazine
Everybody says that she's the queen
But that's you to me

And I just want to let let you know that She likes the flashing lights

I love the way that you like candle lights

Stay close by my side

I just want a chance to show that If only you could believe in yourself the way I believe in you I-I do (but you're the one I want)

If only you see all of the beautiful things that I see in you

It's true-oo-oo

Chloe, I know your sister turns everyone on But oh baby, I have no doubt you're the one that I want (ooh-ooh-oo)

You think she's got it all but that don't make her better You got my heart and that's the only thing that matters

Chloe, I know your sister turns everyone on

But you're the one I want

But you're the one I want, yeah

Fast lanes, limousinesBaby there can be not guarantees

But if you're with me, you know I can guarantee that

Cause I'm attracted to you passion, be yourself forget the fashion

Just keep that smile on, that you you're flashing

You and I deserve to be forever ever lasting

If only you could believe in yourself the way I believe in you

I-I do (but you're the one I want)If only you see all of the beautiful things that I see in you

It's true-oo-oo-oo

Chloe, I know your sister turns everyone on

But oh baby, I have no doubt you're the one that I want (ooh-ooh-oo)

You think she's got it all but that don't make her better

You got my heart and that's the only thing that matters

Chloe, I know your sister turns everyone on

But you're the one I want, yeah

But you're the one I want, yeah

(All you Chloe's)

All you Chloe's They don't show you love enough (hoo-hoo-hoo)

All you Chloe's

You should now that you're my diamond in the rough

It's true-oo-oo

Chloe, I know your sister turns everyone on

But oh baby, I have no doubt you're the one that I want (ooh-ooh-oo)

You think she's got it all but that don't make her better

You think she's got it all but that don't make her better You got my heart and that's the only thing that matters Chloe, I know your sister turns everyone on But you're the one I want But you're the one I want, yeah (ooh-ooh-oo)
