

# When We

## Tank

When we  
When we  
When we I like it when you lose it  
I like it when you go there  
I like the way you use it  
I like that you don't play fair  
Girl, recipe for disaster  
When I'm just try'na take my time  
Stroke is getting deep and faster  
Screaming like I'm outta line  
Who came to make sweet love not me  
Who came to kiss and hug not me  
Who came to beat it up rocky  
And Imma use those hands to put up that gate and stop me  
When we fuck  
when we fuck  
when we fuck  
when we fuck  
I could be aggressive (I could be aggressive)  
I can be a savage (I can be a savage)  
I just need your blessin (I just need your blessin)  
Say that I can have it yeah  
when we fuck  
when we fuck  
You love it when I lose it  
You love it when I go there  
You love the way I use it  
You love that I don't play fair  
You end up calling me master  
Say this universe is mine  
When we're done it's a disaster  
End up like this everytime Who came to make sweet love not me  
Who came to kiss and hug not me  
Who came to beat it up rocky  
And imma use those hands to put that gate and stop me When we fuck  
when we fuck  
when we fuck  
when we fuck  
I could be aggressive (I could be aggressive)  
I can be a savage (I can be a savage)  
I just need your blessin (I just need your blessin)  
say that I can have it yeah

when we fuck  
when we fuck Face down ass up  
back back back it up  
lemme get both of them legs  
and put em both behind your head  
this shit is gettin deep deep up in  
there feel your legs gettin weak up in  
here get a face full of that gushy I'm close baby don't push me this is how it all should be when  
when we fuck  
when we fuck  
when we fuck  
when we fuck  
I could be aggressive (I could be aggressive)  
I can be a savage (I can be a savage)  
I just need your blessin (I just need your blessin)  
say that I can have it yeah  
when we fuck  
when we fuck
